

## NATIONAL REAL ESTATE REFERRAL GROUP, LLC. YOUR HOME FOR PLACING REAL ESTATE REFERRALS

### **Becoming a member of National Real Estate Referral Group carries many benefits:**

#### **Economical**

As a NREREG member you are not required to pay MLS fees, Board of Realtors dues or Legal Defense fees. Your only cost is our nominal yearly membership fee.

#### **Competitive referral fee**

Because of our history and size, NREREG is sometimes able to negotiate higher referral fees than the national standard.

#### **Close relationships with full time Realtors**

Our referral associates work closely with full time sales agents who can offer insight into the real estate market and tips on how to increase their referral business.

#### **Easy Placement process**

To place a referral, simply click on "Place a Referral" on our website, or call 800-533-7996 and give us the name, address and phone number of the person who needs to buy or sell a home. Your referral will be placed with a Realtor that same day. Should your customer require a certain broker; we will work to accommodate their request.

#### **Systems**

We send the NREREG referral associate, the sales agent, and the office manager a confirmation letter for each referral to insure referral acceptance and prompt payment to all individuals.

#### **High referral conversion rate**

We have a high conversion rate, which means that your referral is more likely to close when you are a NREREG referral associate.

#### **Service**

We are committed to providing our NREREG associates with professional, courteous service. We are accessible and here for you!
